

North High School

Community High School District 99

Dear DGN Parents & Guardians,

Over the next few weeks, your son or daughter will be meeting with their counselor to select courses for the 2014-2015 school year. As parents/guardians, we ask that you partner with us in this process by talking with your son and daughter about their course selections. You can find descriptions for all DGN courses in the 2014-2015 Registration Guide located on this webpage.

Current DGN students also received a course selection worksheet on January 23, 2014 during Advisement Day. Members of the Class of 2018 (current 8th grade students) received a course selection worksheet in the packet mailed to their home in early January. We ask that students complete the worksheet, in consultation with you, and bring it to their registration appointment. Blank copies of these worksheets, which are class specific (Class of 2015, 2016, 2017 and 2018), can be found on this webpage.

Beginning January 24, 2014, parents of students in the Class of 2015, 2016 and 2017 are able to view their student's current course requests in the Home Access Center (HAC). Current course selections will be found at the bottom of the schedule screen (within the HAC). Please note that course requests are only recommendations until after the student's registration appointment with his or her counselor. Students, who have not yet met with their counselor, will have "Z000: Has No Schedule" as one of their course recommendations; this code will be deleted once the student has attended his/her registration appointment.

Once courses have been selected, changes will **only** be made for the following reasons: enrollment process error, failure in a prerequisite course, successful completion of summer school course or scheduling conflicts.

We encourage you to view the registration timeline on this webpage, which includes important dates. If you have questions about the registration process, please contact your son or daughter's counselor.
